Dear Ms Fourie

**RE: PROUDLY SOUTH AFRICAN NOMINATED AS ONE OF SOUTH AFRICA'S  
 TOP GENDER EMPOWERED ORGANISATIONS FOR 2006**

South Africa is a country of unlimited opportunities – for those who have the insight, the conviction and the courage to identify them and to turn them into ventures that benefit not only themselves, but society at large.

Proudly South African is honoured to have been nominated one of South Africa's gender empowerment elite and to have been selected for inclusion in the prestigious *Top Women in Business and Government* directory.

We graciously accept this acknowledgement of the work that the organization is doing in the interest of nation building and look forward to receiving your Certificate of Achievement for the Advancement of Women in South Africa. We hope to maximize this opportunity to further our aims of contributing to economic growth and greater prosperity in South Africa.

I would like to reciprocate this wonderful compliment by congratulating Top Companies for their powerful contribution to help unleash the potential of women in business.

I am convinced that numerous female South African entrepreneurs and the business community at large will be inspired by the directory's highly motivational content.

I am truly inspired by the way Top Companies has interpreted and acted on the intent of the South African Constitution, generally acknowledged as one of the most advanced in the world in terms of encouraging the rights of all people.

No doubt this sends a powerful and reassuring signal to the international community that, indeed, South African companies and business women are committed to the principles of empowerment, socio-economic upliftment and good corporate governance.

Thank you for creating this excellent platform to highlight the significant progress made in the important area of women empowerment. I wish you and *Top Women in Business and Government* every success in the ongoing challenge of securing a brighter future for all South Africans.

I look forward to working with you in exploring areas of mutual co-operation and possible business ventures between PSA and Top Companies.

Yours sincerely
