

Our last interview was with Ilse Pienaar - Associate Publisher of Top Women in Business & Government. We were talking about the Top Woman awards, an initiative that was created 5 years ago. They are unique because they are the only awards that publicly acknowledge and celebrate the contributions, achievements and successes of those people, companies and government departments who have changed the South African economic and political landscape through their commitment to gender equality and the empowerment of women. From grassroots to corporate, from corporate to Government – The Top Women Awards covers the entire spectrum. We also touched on the role of women in South African business. If you would like to find out more, you can call them on (021) 791 7100 or Ilse Pienaar on 083 216 5357. You can also visit their website <http://www.businesswomen.co.za/> .
